

MENGIA S.A. is a modern Manufacturing and Trading Company, which operates in the fields of Automotive, Industry, Marine and Military Equipment.

MENGIA S.A. is a modern Manufacturing and Trading Company, which operates in the fields of the Automotive, Industry, Marine and Military Equipment.

Located in the city of Thessaloniki, at the Industrial Area of Sindos, MENGIA S.A. produces and distributes top quality products to a wide clientele with countrywide coverage. At the same time, the company develops its commercial expansion to the Balkans as well as across Europe.

Our company applies modern practices and policies at all levels of the production, starting from the design phase to the strict quality control of the end products.

The high quality and reliability of the end products is the result of the combination of important factors, such as:

- state-of-the-art mechanical equipment
- quality raw materials and construction materials
- many years of experience in the manufacture of engine spare parts.

Our production range includes complete lines of gaskets, seals and many other sealing products covering a wide range of engines (obsolete as well as modern ones).

Among other products, MENGIA S.A. has also focused in the production of Agricultural Machinery Gaskets as part of our Automotive sector. We are able to design and manufacture any kind of gasket, or sealing part in general, some of which are mentioned below:

- **HEAD GASKETS**
- **VALVE COVER GASKETS**
- **TURBO GASKETS**
- **OIL PAN GASKETS**
- **CRANKCASE GASKETS**
- **WATER PUMPS GASKETS**
- **GEAR BOX GASKETS**
- **EXHAUST / INTAKE MANIFOLD GASKETS, E.T.C.**

COMPETITIVE ADVANTAGES

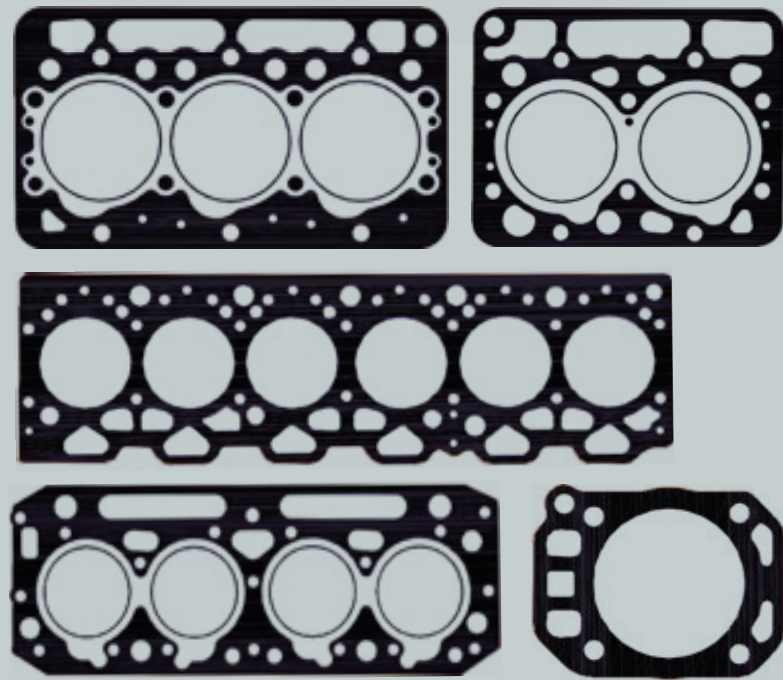

- **New product development in less than 7 days.**
- **Private label capability on demand.**
- **High Quality**

**NO MINIMUM
QUANTITY LIMITATION**
(...order from 1 Pc up to Thousands)

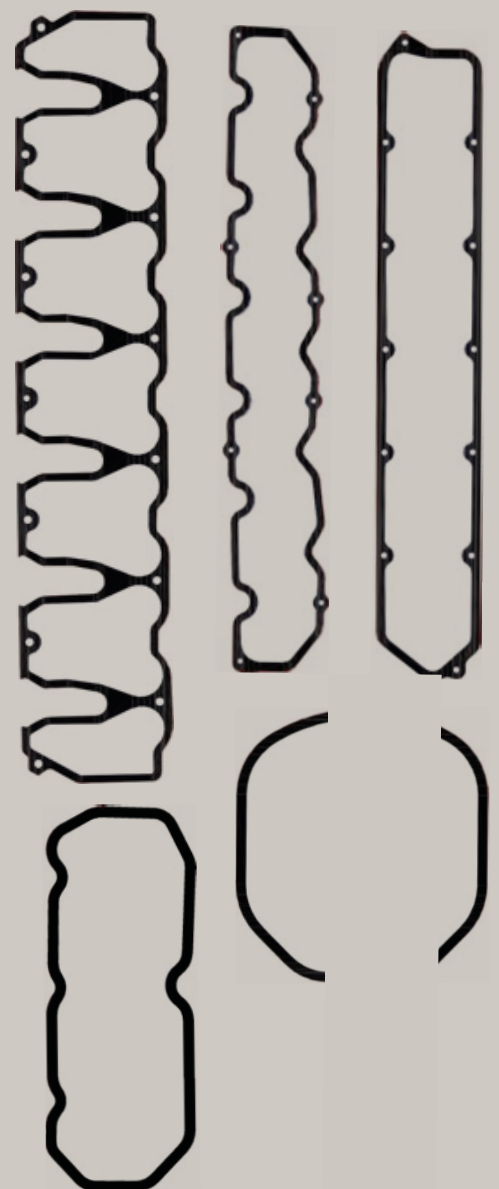

EXHAUST MANIFOLD GASKETS

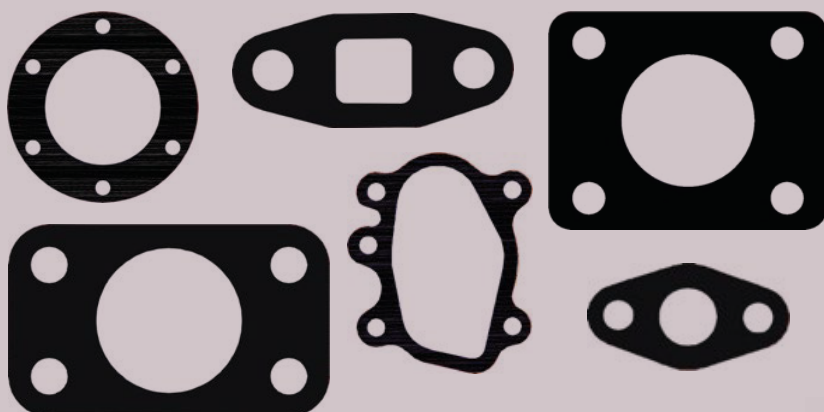

HEAD GASKETS

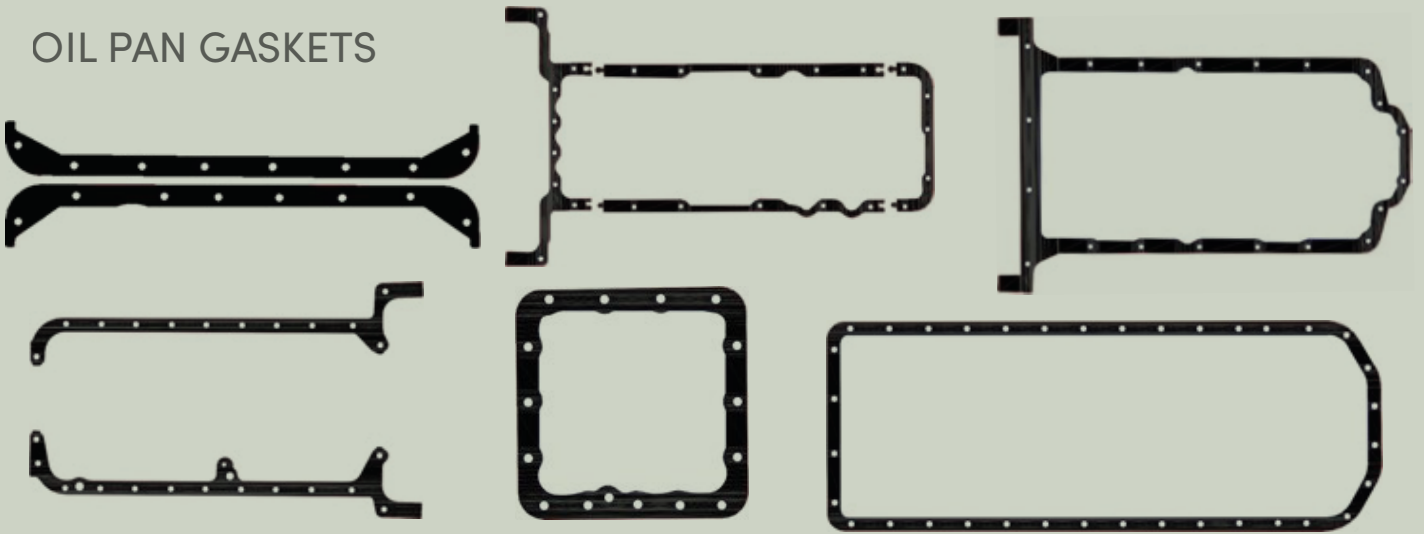

VALVE COVER GASKETS

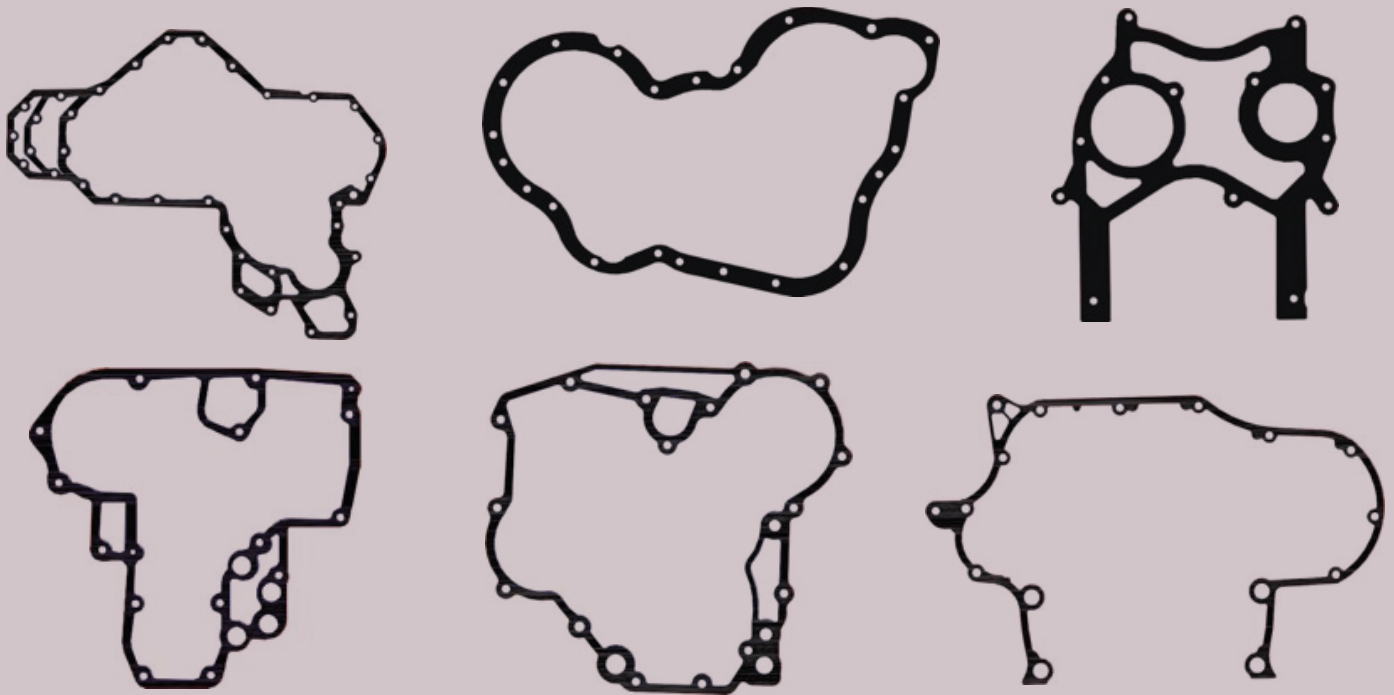

TURBO GASKETS

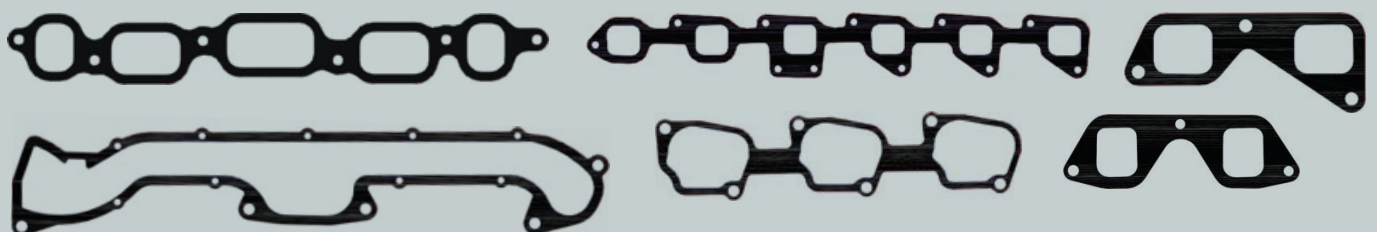

OIL PAN GASKETS

CRANKCASE GASKETS

INTAKE MANIFOLD GASKETS
